

MICHAEL ARMSTRONG '74

Nominated by: Christopher Hall '73

Michael has always been known for his giving spirit in the Eastern Community in his business, Michaels Catering. I believe he has hired most of Oregon's children over the years in his business and given many of them a head start. When he decided to retire, he sold his business to another Clay Grad, Kyle Timofeev. Since he has "Retired," he has turned his giving back up several notches. Mike has shared his baking skills with many organizations including St. Marks Lutheran Church. It was shared with me that Mike helped feed over 7000 meals to different charities and food banks (419 Cares) His FB page is littered with his generosity and he remains as humble a man as we have. This is well deserved and long overdue.
