### **Attention Parents of 2019 Graduates**

The Ohio Department of Health requires 12<sup>th</sup> graders to have the meningitis shot before beginning the new school year. Next year's seniors (current 11<sup>th</sup> graders) will need a MCV4 for the 2018-19 school year. This shot has to be given after the student is 16 years old to be valid for the requirement. This may mean a second shot could be needed to fill the requirement so that the student receives one MCV4 vaccine after his or her 16<sup>th</sup> birthday. It's not too early to get the shot now to avoid the rush, but only if your son or daughter is over 16 now. Shots may be obtained at the child's primary care physician, at area pharmacies, or at Mercy Health Center at OCS. Once your child has received the required vaccine, please submit all shot records to the CHS nurse.
