May 10, 2019

**Final Semester Exams**
The last day of school for all CHS underclassmen is Friday, May 24. The last three days on the school calendar (Wednesday, May 22; Thursday, May 23; Friday, May 24) will be semester exams for all freshman, sophomore and junior students. Parents, please stress to your children that the semester exam is worth 20% of their final semester grade. Attached is an exam schedule for all periods.

**Senior Fees/Fines**
In order for a senior student to participate in the graduation ceremony, he or she must have a zero balance on his or her student account, with all fees and fines paid in full. If you have an EZpay account created, you may check the account balance online for an amount of fees or fines owed. If you don’t have an account, you may call the school (419-693-0665) and speak to the bookkeeper, Julia Henneman-Dallape (ext. 2006) to inquire if there is a balance on your student's school account. Thank you for looking into this matter.

**Attention Parents of 2020 Graduates**
The Ohio Department of Health requires 12th graders to have the meningitis shot before beginning the new school year. Next year's seniors (current 11th graders) will need a MCV4 for the 2019-20 school year. This shot has to be given after the student is 16 years old to be valid for the requirement. This may mean a second shot could be needed to fulfill the requirement so that the student receives one MCV4 vaccine after his or her 16th birthday. It’s not too early to get the shot now to avoid the rush, but only if your son or daughter is over 16 now. Shots may be obtained at the child’s primary care physician, at area pharmacies, or at Mercy Health Center at Clay High School. Once your child has received the required vaccine, please submit all shot records to the CHS nurse.

**Environmental Science Students Experience Success**
The National Oceanic and Atmospheric Administration (NOAA) sponsored a contest with the goal of raising awareness on marine debris and how it effects the Great Lakes in terms of water quality and wildlife. Numerous schools throughout Northern Ohio competed to produce a public service announcement. Clay's team of Nathan Henegar, Austin Pryor, and Rodrigo Torres competed in the Communicating for a Clean Future: Ohio Marine Debris Challenge public service announcement. That team placed 5th overall. In honor of their achievement, those three students will be able to present their work at Cedar Point on May 13, and will meet Congresswoman Marcy Kaptur. Congratulations, boys, and good luck in May.
CHS Students Participating Worldwide Data Collection
Several Clay students in the Environmental Science course have been working all year to collect weather data for the Global Learning and Observations to Benefit the Environment (GLOBE) Program. GLOBE is an international science and education program that provides students and the worldwide public the opportunity to participate in data collection, the scientific process, and to contribute meaningfully to our understanding of the Earth system and global environment. Students then analyzed the data they collected over the course of the school year to answer questions and to conduct their own research. The University of Toledo, in conjunction with GLOBE, will be holding a science fair symposium for students to share their findings. Nine student teams from Clay will be participating in this event. Thanks for thinking about the environment and taking time to collect the data.

BGSU – Summer Art Studio
The BGSU School of Art is excited to announce a summer Studio Art Camp for students who will be in grade 7 – 12 in the 2019-20 school year. This 10 day summer camp will focus on Teaching Artistic Behaviors (TAB) or student-centered teaching, rather than the traditional teacher-centered instruction. Please open the attachment for additional information and registration details.

Business Professionals of America
Once again, the Clay Business Professionals of America had a successful National Conference in California. Seven students earned their way to the competition by placing in certain events, and three CHS students were Ambassador Torch recipients. The Torch Award is the highest level of service/leadership given. There was one podium placement at the National Conference. Seniors Tommy Dunbar and Joey Angel earned 2nd Place in the Senior Computer Animation Team. Two additional students managed to earn their way on stage for the awards ceremony. Lane Behee finished in 5th Place in Fundamentals of Web Design and Sean Adair finished in 9th Place in Computer Modeling. CHS students Sarah Finger, Julia Russo, and Nick Thayer earned the Ambassador Torch Award. Congratulations to these students and to all the students who qualified for the National Competition.

Student of the Month
Congratulations to Alexander Maag for being named the Genoa Bank/Metro Press April Student of the Month. Alexander was featured in the April 29 issue of the The Press newspaper. Currently, Alexander has a 4.2331 cumulative GPA and is ranked 9th in the senior class. He is a member of the National Honor Society, a member of the Jazz, Concert, and Marching Bands, and serves as a tutor. Alex has also worked on the Oregon Community Theatre Children’s Productions as a mentor and sound tech. Alexander is the daughter of Bill and Maureen Maag and plans to go into Research and Development in the field of Physics. Keep up the great work, Alexander!

Groove on the Green
The 23rd annual Clay High Alumni and Friends Association (CHAF) event, Groove on the Green, will occur on Saturday, May 11, beginning at 6:00 p.m. until midnight, at Eagles Landing Golf Course. This is a 21 and over event. No need to purchase tickets in advance as all tickets are available at the gate! See you on May 11, for a fun-filled evening and reminiscing about the
“good old days” at Clay. Please open the attachment for a detailed listing of all the evening activities.

**Stop The Bleed Training**
Mercy Health – St. Charles Hospital, in conjunction with the Oregon Fire and Rescue and Oregon Police Departments, will be offering a free one hour training in *Stop The Bleed* initiative on Thursday, May 23, at the Oregon Branch Public Library. St. Charles employees will train individuals on the *Stop The Bleed* program. The Oregon Fire and Rescue Department will offer training sessions in Family & Friends CPR and AED awareness. The Oregon Police Department will offer training sessions in ALICE. For more information on these training sessions, please open the attached document.

**Returning Laptops Before the Summer**
Please know that students are not allowed to keep their laptop over summer vacation. All laptops must be returned to the Oregon Technology Department in the CHS Learning Commons. Also, all equipment that was distributed with the laptop must be returned as well. A student will be charged for any computer or accessory that is not returned to the Technology Department.

**TRADITION – FAMILY – COMMUNITY**
The Eighty-Ninth Graduation Ceremony will occur on Sunday, June 2, at 2:00 p.m., at the Toledo SeaGate Centre. Please join us to celebrate this great occasion with our senior students who have worked hard to walk across the stage.

**Upcoming Events**

Announcing our NEW **Summer Art Studio** grade 7-12!!!

The BGSU School of Art would like to share an exciting new summer studio we are offering this summer for grades 7th – 12th.

We are offering a 10 day Summer Studio Art Camp that will focus on TAB style teaching (Teaching Artistic Behaviors) or student center teaching rather than the traditional teacher centered. This is a fairly new concept in art education that is producing wonderful results with students. In a TAB style studio setting the students have a lot more say in the media and style they want to learn more about. The teachers roll is then to provide artistic inspiration, teach individuals technical skills in their media of choice and provide mini lesson that would introduce students to design and related materials they may not have experienced before. Students will also have the opportunity to learn more about portfolio development and art school admission.

- **Our dates are:** Wed. June 5th – Wed. June 19th
- **Our times to meet:** (Mon-Fri.) 12:30 – 3:30
- **Our location:** BGSU Fine Art Center
- **Our cost for the 30hrs of instruction is only:** $150 (payable by check only for this first year)

Being that this is our pilot summer we will be keeping the number small. If you as a 7th-12th grade is interested and/or you know of a friend that you would like to invite, please feel free to send them this invite.

Parents to register your son or daughter you may contact me directly and I can send you the registration forms. You can also simply register online at: https://www.bgsu.edu/arts-and-sciences/school-of-art/community-engagement/Summer-Studio-Art.html

Don’t hesitate to email me if you have any questions,
Shari Densel
sdensel@bgsu.edu or saturdayart@bgsu.edu
