Walk the Clay High School Halls

Clay High School is once again extending its invitation to the Oregon Community, offering access to its hallways during the winter months for indoor walking. To participate, all walkers are required to have a

completed registration form on file and should wear their “Walking Pass Badge” while inside Clay High School. For detailed information and the registration form, please refer to the attached documents. If you need a new pass or want to register, kindly complete the appropriate form and submit it to the Clay High School Main Office during regular school hours (7:00 am – 2:30 pm) to obtain your Walking Pass Badge. Please note that previously issued passes remain valid. The indoor walking program will commence on November 8, 2023, and take place on Mondays, Wednesdays, and Fridays until March 27, 2024. Stay active and warm in CHS this winter!

Athletic Booster Winter Yard Signs

This is a great way to show the Oregon community your support for your favorite Eagle Athlete. The flyer and directions for placing an order will be released in the upcoming weeks. Please do not order a yard sign until all teams are finalized. The deadline to order a yard sign is November 10.

Walking doesn’t need to be complicated. Something as simple as a daily brisk walk can help you live a healthier life. A walk can help you maintain a healthy weight and prevent/manage various conditions such as heart disease, high blood pressure and Type 2 diabetes. Walking can help strengthen your bones and lift your mood while improving your balance and coordination. Whether you choose to walk slow or brisk, try to turn your normal walk into a fitness stride.

Here are some suggestions:

1. Keep your head up, looking forward not at the ground.
2. Keep your neck, shoulders and back relaxed, not stiffly upright.
3. Keep your arms swinging freely with a slight bend in your elbows.
4. Keep your stomach muscles slightly tightened and your back straight, not arched forward or backward.
5. Set realistic goals and work towards them.
6. Choose comfortable, well-fitting and supportive shoes with thick, flexible soles to cushion your feet and absorb shock.
7. Start your walking program slowly and gradually increase your speed, distance and time so you can avoid stiffness or soreness in your muscles or joints.

Check with your healthcare provider before you begin any type of exercise program, including a walking program.
