HAL GREGORY, Superintendent

www.oregoncityschools.org

March 2024

Throughout the next few months, we will begin the process of planning for next year. This includes assessing our master schedule, the effectiveness of our curricular programs, establishing our staffing needs, and, of course, creating class lists for the 2024-2025 school year.

This process of creating class lists requires time and careful consideration. Initially, your child's teacher will review his/her current class list. During this stage, your child's teacher will indicate the academic and behavioral needs of individual students. This information along with the overall composition of the class is considered in order to make the best possible classroom assignment for each student.

If you feel that a particular learning situation may be more appropriate for your child, you are asked to provide a description of the suggested classroom setting to the building principal so that it can be taken into consideration. Specific teacher requests will not be honored. **Parent letters with specific information that may help place a child in the most appropriate setting need to be submitted to the building principal by the end of April.**

Class balance is extremely important for the success of all our students. Rosters are composed with consideration to each individual's learning style, peer relationships, gender ratio, disciplinary concerns, and the academic needs of all our students. We appreciate you placing trust in the professionals who work with your children on a daily basis in the learning environment.

Sincerely,

Hal D. Gregory
Superintendent

3rd & 4th Grade Ohio State Testing Coming Soon!

Be aware of 3rd & 4th Grade Upcoming Ohio State Testing Coming Soon!

Please make sure to read over the upcoming testing dates carefully. You will want to avoid scheduling any time off for appointments from school during testing days as your child will have to make-up any testing missed. It is much better for your child to be tested in their normal, everyday environment instead of a make-up situation. We appreciate your cooperation with our required testing protocols.
