**NEW INFORMATION:**

**STEM News:** Fassett Junior high STEM course is a great opportunity for the students to grasp real life skills paired with career ready education. STEM also provides students with the knowledge to expand into all the career technical programs at Clay high school. Engineering design concepts, problem solving, and critical thinking, allow students to not only use their creative minds, but develop new innovative ways to come up with a solution/outcome. By applying the knowledge in core subject areas, and manufacturing a project, this will enhance learning throughout the district. The students are very excited for this semester and have recently finished our engineering of the Bridge project. They have researched and
developed a mechanical sketch of all views, and also manufactured a solid model of their bridge design. We conducted a weight test where students will see how much the bridge withstands under tension and or compression forces.

**Washington D.C. Trip Reminder**: if your 8th grader is attending the Washington D.C. trip, all school fees and fines must be paid by March 1st. A notice of specific fees and fines owed will soon be sent home with each student. If you have any questions, please call the school office.

**Toledo Lucas County Public Library Writing Contest**: the TLCPL is holding a writing contest through March 23rd for K-12 students. Winners will receive cash prizes! See the attached flyer for details and application.

**REMINDERS:**

**PBIS at Fassett**: as part of our Positive Behavior Intervention and Support (PBIS) efforts at Fassett, we have identified **Be Respectful, Be Responsible, and Be Ready** as our priority expectations for positive behavior. A Matrix of Expectations has been developed, which provides students a framework of guidance on what it means to **Be Respectful, Be Responsible, and Be Ready** in every area at Fassett. Recently, all students received a copy of the Matrix of Expectations, which was reviewed during grade-level meetings. On-going teaching of expectations will take place as well. We are using “Eagle Cards” to acknowledge students who are meeting the expectations to **Be Respectful, Be Responsible, and Be Ready**. Each Tuesday, cards for five 7th graders and five 8th graders will be drawn. These “Eagles of the Week” will be rewarded with a Friday lunch with a friend, during which time they will be able to use their electronic device. We are excited about this initiative, and look forward to continuing to create a positive school climate at Fassett. Please take time to review the attached Matrix of Expectations with your student(s), and encourage him/her to show their Eagle Pride by **Being Respectful, Responsible, and Ready** in all they do! Thank you for your support!

**CHS Band Parents Fundraiser**: are you hungry? Do you like spaghetti? If you answered “yes” to these two questions, we have just the solution for you. Introducing young women to exciting STEM careers

The Young Women's Summer Institute (YWSI) gives Ohio's middle school girls a unique opportunity to gain valuable computer, math, science and engineering skills through hands-on, collaborative projects. Students entering the seventh or eighth grade are encouraged to apply for this weeklong program. YWSI girls develop a deeper interest in science, technology, engineering and math (STEM) as they use the latest computer technology to solve complex, real-world science and engineering challenges with a team of peers.
