NEW INFORMATION:

7th Grade ALEKs Math March Madness Update: congratulations 7th graders! Over the two days of round one, students learned a total of 1,361 topics! Round one games have ended. The battle for round two, winners and losers of round one, continues through the weekend. On Monday, March 25th, scores will be tallied. Will you make it to the third round?

8th Grade Health News from Mrs. Porter: 8th grade Health students have started the Nutrition & Physical Activity unit. They will be learning all about the importance of healthy eating. Students will determine an estimate about their individual calorie intake, how to compare and contrast food labels and ways to make physical activity an important part of their everyday life. These are just some of the life skills that are important for living a healthy lifestyle and for the prevention of disease. We will end the unit with a fast food research project. Students will be in groups and research the nutritional information on the website of their assigned fast food company. They will be challenged to come up with a healthier meal option at their fast food establishment. Convenient does not always mean healthy. Ask them about some tips they can share about making healthier food choices!

REMINDERS:

PBIS at Fassett: as part of our Positive Behavior Intervention and Support (PBIS) efforts at Fassett, we have identified Be Respectful, Be Responsible, and Be Ready as our priority expectations for positive behavior. A Matrix of Expectations has been developed, which provides students a framework of guidance on what it means to Be Respectful, Be Responsible, and Be Ready in every area at Fassett. Recently, all students received a copy of the Matrix of Expectations, which was reviewed during grade-level meetings. On-going teaching of expectations will take place as well. We are using “Eagle Cards” to acknowledge students who are meeting the expectations to Be Respectful, Be Responsible, and Be Ready. Each Tuesday, cards for five 7th graders and five 8th graders will be drawn. These “Eagles of the Week” will be rewarded with a Friday lunch with a friend, during which time they will be able to use their electronic device. We are excited about this initiative, and look forward to continuing to create a positive school climate at Fassett. Please take time to review the attached Matrix of Expectations with your student(s), and encourage him/her to show their Eagle Pride by Being Respectful, Responsible, and Ready in all they do! Thank you for your support!

Attendance Reminder: Please be sure you are sending in notes for your student’s absences. As a reminder, legitimate/excused reasons to be absent from school are: 1. Personal illness with doctor’s note stating that the child is unable to attend school on given day(s) 2. Medical Excuse 3. Death in the family 4. Religious Observance 5. Quarantine 6. Court Subpoena 7. Family Vacation: one vacation approved in advance, as described in the student handbook.

Agenda Books: all students have been issued an agenda book. Students are required to carry their agenda book with them at all times. Agenda books will be the only way a student will be issued a hall pass as well. Replacement agenda books cost $5.00 and are available in the office.

Dress Code: please review the dress code section of our school handbook to ensure your student(s) arrives to school ready to learn, in proper attire. Our school handbook can be found here.

District Flyers: go here for information and events taking place in our school community.

School Breakfast and Lunch:
- If sending payment in with a student, please have him/her take the payment directly to the cafeteria, before school.
- Pre-payment of student accounts is available here.
- School lunch may be purchased for $3.00. School breakfast may be purchased for $1.50.
- Information on free and reduced meals, as well as a downloadable application, is available here.
- The August lunch menu can be found here.

11am-1pm
Ages 5-12
Members $55
Program Participants $115
This week long camp will introduce students to the world of classical ballet and all that goes into putting on a complete ballet performance. Over the course of the camp we will learn the story of Swan Lake, ballet steps that are used, go through the audition process (but don’t worry! All camp participants will get a part), and conclude with a final showcase of our version of Swan Lake. During the final showcase, camp participants will perform a condensed version of Swan Lake featuring the ballet steps they learned throughout the week. Friends and family are invited to watch the final showcase!
What to bring everyday:
• Ballet flats
• Leotard or tshirt with legging style shorts (no baggy shorts please)
• Hair up and out of your dancer’s face
• Water bottle
• Small snack for break
• Swimsuit and towel to cool off in the pool at the end of each day
For the final showcase, your child will need a white outfit for their costume. This can be a white leotard, or white t-shirt/tank top and white/light colored shorts or skirt. All other costume accessories and props will be provided.

Members PT (1–3 days) $110 a week, FT (4–5 days) $140 a week
Program Participants PT (1–3 days) $130 a week, FT (4–5 days) $160 a week

The kids enrolled in our child care program will participate in a program that will focus on STEM (science, technology, engineering and math). Each week, there will be lessons and projects that help engage the students and promote learning. The children enrolled will participate in swimming three times a week. We will be providing swim lessons to the kids in the younger grades or anyone who needs it. There is a field trip planned each week for the students to, hopefully, experience new things! Lunch and afternoon snack are provided.
young women’s summer institute

July 14–20, 2019 | Columbus, Ohio

Introducing young women to exciting STEM careers

The Young Women’s Summer Institute (YWSI) gives Ohio’s middle school girls a unique opportunity to gain valuable computer, math, science and engineering skills through hands-on, collaborative projects. Students entering the seventh or eighth grade are encouraged to apply for this weeklong program. YWSI girls develop a deeper interest in science, technology, engineering and math (STEM) as they use the latest computer technology to solve complex, real-world science and engineering challenges with a team of peers.
