**Important Information and Updates:**

**4\textsuperscript{th} Grade MATH OST:**
On April 24\textsuperscript{th} & 25\textsuperscript{th}, all fourth-grade students will take the Ohio State Test in Mathematics. Please do not schedule any appointments until after 1PM on those days. Students should arrive on time and come to school well rested. Please make sure your child gets plenty of sleep on the nights leading up to the tests and has the opportunity to eat a healthy breakfast each morning.

**UT Lake Erie Center Science Camp:**
A flyer regarding Science programs is attached below.
OCS STEM Academy for grades 4-7:
Does your child like to build, solve problems, and create solutions? Would your child like to be a member of a team that learns about science, technology, engineering and math? If you answered YES, they may be interested in becoming a member of the OCS STEM Academy.

Members of the OCS STEM Academy will work in teams to create robots built from Legos that will be programmed to perform specific tasks to accomplish a goal. No prior programming experience is necessary. In December, our combined Ike/Fassett teams will compete with other area teams. Last year we were able to send five teams to a regional competition at Toledo Tech Academy, three of which advanced to the district competition in Sylvania. It’s a great experience for our students, and we are very happy to be able to offer this opportunity to your child.

Information is available from your child’s teacher (elementaries) or the school office (Ike and Fassett) starting Friday, April 12 or can be found online at http://tinyurl.com/welovebots. Registration are due no later than Friday, May 3.

Morning Drop-Off Routine:
Please see the following important information involving morning drop-off routine for students.

- Please drive slowly.
- Please drop off your student(s) at or close to the entrance.
- Please stay in the car drop-off line, until your child(ren) exits the vehicle. Do not drive around other vehicles, to move ahead in line, or to exit the lot.
- Please have any and all children in your vehicle exit on the building/driver side of the vehicle.
- Do not park in the parking line. It is preferred that students are dropped off at the entrance rather than walked into the building. If you need to enter the building for an appointment, you must park your vehicle in a parking space.

Thank you for following these procedures, as we all work together to make the arrival process safe for students, parents, and staff.

Parent Pick-up Expectations:
For your student’s safety: Please remember to have the adult that is picking up your child(ren) have one of your assigned “pick-up cards”. If they do not
have a card, they will be asked to check your child(ren) out through the main office. Parents using the parent pick-up system will be issued cards through the office. Thank you for your help in keeping our students safe!

The Jerusalem Elementary School *Student of the Month* program is for those students who continuously do the right thing. The program is based on qualities such as character, leadership, and citizenship. This is not based solely on academics. The student of the month is a diligent student, completes his/her assignments on time, shows a strong effort to learn subjects to the best of their ability, is prepared for class, and has good classroom participation.

The student of the month demonstrates excellent behavior in and out of the classroom, is well mannered, and respectful to both peers and adults. The student of the month displays excellent citizenship by working together with classmates in a cooperative attitude. Lastly, the student of the month demonstrates character through his/her compassion, honesty, trustworthiness, responsibility, optimism, and loyalty by helping to create a positive school environment.

Each classroom will acknowledge one student per month to be the Student of the Month. Nominations will be done by the classroom teacher(s) and other staff members within the building. Teachers are encouraged to use the following guidelines:

**RESPECTFUL**
- Honest, trustworthy, and respectful
- Polite and respectful towards other students, staff, volunteers and all guests and visitors.
- Uses kind and positive words
- Listens to the speaker (teacher or peer)
- Be respectful to themselves, each other, their school and their community

**RESPONSIBLE**
- Follows directions and gives 100% of their best effort in class.
- Student is a positive role model by example.
- They are actively engaged in their learning.
- Student follows class and school rules.

**READY**
- Comes to school prepared and ready to learn.
- Uses class time wisely and completes class work in a timely manner.
- Student participates and puts forth good effort in all areas
- Student arrives to school daily and on time

Each nominated student will be acknowledged at the end of the month by enjoying pizza and pop with Mr. Straka, and a special prize will be given. Also, look for the names of these students to be displayed on our Student of the Month bulletin board! Acknowledgement days will take place on the last Friday of the month, unless otherwise specified.
March, 2019

Throughout the next few months, we will begin the process of planning for next year. This includes assessing our master schedule, the effectiveness of our curricular programs, establishing our staffing needs, and, of course, creating class lists for 2019-2020 school year.

This process of creating class lists requires time and careful consideration. Initially, your child’s teacher will review his/her current class list. During this stage, your child’s teacher will indicate the academic and behavioral needs of individual students. This information along with the overall composition of the class is considered in order to make the best possible classroom assignment for each student.

If you feel that a particular learning situation may be more appropriate for your child, you are asked to provide a description of the suggested classroom setting to the building principal so that it can be taken into consideration. Specific teacher requests will not be honored. Parent letters with specific information that may help place a child in the most appropriate setting need to be submitted to the building principal by the end of April.

Class balance is extremely important for the success of all our students. Rosters are composed with consideration to each individual’s learning style, peer relationships, gender ratio, disciplinary concerns, and the academic needs of all our students. We appreciate you placing trust in the professionals who work with your children on a daily basis in the learning environment.

Sincerely,

Hal D. Gregory
