The Jerusalem Elementary School Student of the Month program is for those students who continuously do the right thing. The program is based on qualities such as character, leadership, and citizenship. This is not based solely on academics. The student of the month is a diligent student, completes his/her assignments on time, shows a strong effort to learn subjects to the best of their ability, is prepared for class, and has good classroom participation.

The student of the month demonstrates excellent behavior in and out of the classroom, is well mannered, and respectful to both peers and adults. The student of the month displays excellent citizenship by working together with classmates in a cooperative attitude. Lastly, the student of the month demonstrates character through his/her compassion, honesty, trustworthiness, responsibility, optimism, and loyalty by helping to create a positive school environment.

Each classroom will acknowledge one student per month to be the Student of the Month. Nominations will be done by the classroom teacher(s) and other staff members within the building. Teachers are encouraged to use the following guidelines:

**RESPECTFUL**
- Honest, trustworthy, and respectful
- Polite and respectful towards other students, staff, volunteers and all guests and visitors.
- Uses kind and positive words
- Listens to the speaker (teacher or peer)
- Be respectful to themselves, each other, their school and their community

**RESPONSIBLE**
- Follows directions and gives 100% of their best effort in class.
- Student is a positive role model by example.
- They are actively engaged in their learning.
- Student follows class and school rules.

**READY**
- Comes to school prepared and ready to learn.
- Uses class time wisely and completes class work in a timely manner.
- Student participates and puts forth good effort in all areas
- Student arrives to school daily and on time

Each nominated student will be acknowledged at the end of the month by enjoying pizza and pop with Mr. Straka, and a special prize will be given. Also, look for the names of these students to be displayed on our Student of the Month bulletin board! Acknowledgement days will take place on the last Friday of the month, unless otherwise specified.
March, 2019

Throughout the next few months, we will begin the process of planning for next year. This includes assessing our master schedule, the effectiveness of our curricular programs, establishing our staffing needs, and, of course, creating class lists for 2019-2020 school year.

This process of creating class lists requires time and careful consideration. Initially, your child’s teacher will review his/her current class list. During this stage, your child’s teacher will indicate the academic and behavioral needs of individual students. This information along with the overall composition of the class is considered in order to make the best possible classroom assignment for each student.

If you feel that a particular learning situation may be more appropriate for your child, you are asked to provide a description of the suggested classroom setting to the building principal so that it can be taken into consideration. Specific teacher requests will not be honored. **Parent letters with specific information that may help place a child in the most appropriate setting need to be submitted to the building principal by the end of April.**

Class balance is extremely important for the success of all our students. Rosters are composed with consideration to each individual’s learning style, peer relationships, gender ratio, disciplinary concerns, and the academic needs of all our students. We appreciate you placing trust in the professionals who work with your children on a daily basis in the learning environment.

Sincerely,

Hal D. Gregory  
Superintendent

Welcome to Eisenhower Intermediate School!

Dear Parents/Guardians of Incoming Eisenhower 5th Graders:

It is with great excitement that we welcome you to Eisenhower Intermediate School! Over the past six school years, we have worked to develop a brand new Intermediate School with new procedures, policies and traditions. In addition, our staff has worked to create a welcoming, nurturing yet challenging and positive environment.

We are now looking forward to including your child and your family in the Eisenhower experience. This process will begin on May 6th when 4th grade students throughout the district will come to Eisenhower for a visit. A presentation will be held from 10:00—11:00 in the auditorium. Students will be bussed from their elementary schools to Eisenhower. The visits will include information for students concerning what they can look forward to as an EIS student. Mr. Ralph, our guidance counselor, and Mr. Holcombe will speak and students will be given a tour of the building.

We are also looking forward to sharing information with parents as we prepare to work together in transitioning your students from elementary education to secondary education. We will hold a parent meeting for parents of incoming 5th graders on Monday, May 6th from 6:00—7:00 in the Eisenhower auditorium. We value this time to share our vision of the intermediate school experience and answer as many questions as possible through our presentation. We hope to see you there!
