5. Do I need to get "Official" College transcripts to prove I passed the course, thus able to have the course counted towards my renewal?
 - a. Yes, you must have "Official" College transcripts sent to Carol Soncrant, in which she will copy, initial and send to LPDC.
6. Are ceus and courses through Oregon City Schools automatically given?
 - a. It use to be, but not anymore! **The state of Ohio says ALL ceus and coursework must meet with your IPDP for high qualified PD.** There are **no** exceptions/automatics for anything Oregon City Schools offer. For example, the PD on safety would not count for CEU credit. It does not directly align with any teaching license. The same is true for "blood born pathogens," bullying, and any other state/district mandated safety trainings. Even though these are very important to all teachers, they do not meet the state standards for Quality PD. Let LPDC repeat again, **CEUS/COURSEWORK HOURS ARE NOT GIVEN AUTOMATICALLY FOR OREGON CITY SCHOOLS INSERVICE, COURSES, ETC.**
7. Somebody told me a ceu activity counts. Is this true?
 - a. NO, it is not true!!! Somebody does not know your IPDP. Somebody has not checked the CEU OPTION section. You must get your information from the LPDC members, especially the chairperson.
8. Can I renew early because I have enough CEUs?
 - a. No
9. Can extra CEUs carry over the next renewal period?
 - a. No
