Superintendent's Message

TEACHING - THE PROFESSION THAT CREATES ALL OTHER PROFESSIONS

Per the Ohio Department of Education, newly licensed teachers in the State of Ohio have dropped from 9,981 in 2010-11 to just 5,000 in 2021-22. That is almost a 50% drop in the number of licensed teachers available to teach our students in the past decade. In addition, many of those with active licenses are choosing not to become teachers. I am not sure what the main reasons are for this, but in my opinion, negative stories and negative impressions about school districts are often driven by political agendas

Hal D. Gregory
Superintendent

on both sides. This is unfortunate, but nonetheless, the way of the world right now. Overall, the teaching profession is a hidden gem and I want to encourage parents and students to consider a career in teaching.

There are many positives about the teaching profession for students and their families to consider in choosing a pathway towards a career. As we all know, the academic calendar year is focused between the months of August and May. When making the choice to become a teacher, which is a choice anyone can make, the typical number of work days is less than other professions. The average teacher's salary in Ohio as of December 2022 is \$54,555. That is roughly \$40 per hour working 185 days at 7.5 hours per day. This hourly rate compares favorably to other professions. Salary ranges vary district to district, but teachers in Ohio are paid using a salary schedule based on years of experience and education levels. Teachers

have annual pay increases built in. Pay is often politically debated in public schools, but a teaching career can provide financial security and a balanced way of life.

Making a difference in the lives of students and their families is also a big draw to becoming a teacher. It is true; teachers make huge positive impacts in the lives of children. When educators work together with families, there is no better combination to help youth grow and develop into thriving adults. Helping students celebrate successes and manage frustrations is a part of a teacher's daily life. Young adults or anyone who has a calling to make a human difference in society, should consider education.

Finally, there are more career advancement opportunities in education than many people think about. With additional training and licensure, teachers can become counselors, therapists, and administrators with higher salaries. The profession needs strong leaders.

Teachers can also become coaches and club advisors for additional compensation. Another benefit is access to the Ohio State Teachers Retirement System. Ohio has one of the strongest retirement systems in the nation.

Parents, please do not discourage your sons and daughters from entering the teaching profession. All professions have pros and cons. I believe there are a heck of a lot more positives than negatives in education. Educators play a major role in society just like doctors, nurses, scientists, trades, and all other professions. Communities need their schools to be strong and successful. The success of our schools is driven by the talent we can attract!

Go Eagles!!
Hal Gregory, Superintendent

CLAY VISITS THE OHIO STATEHOUSE

Students in Mr. Klosterman's Government class took a tour of the statehouse, met with state Representative Sheehy on the house floor, observed a session of the Ohio Senate and met with legis-

lative liaisons from Auditor Faber's office. The day concluded with a driving tour of The Ohio State University.

Student Olivia Dioletti said, "One of my favorite things about

the field trip was getting to see the architecture. There was so much detail even in the smallest things like the door frames that it was crazy to think about how old everything was. I am very grateful for

the opportunity that I got to go on this trip."

Student Celina Martinez said "I loved learning about all the history in the state capital and being able to talk to Senator Sheehy."

BULLSEYE

Ms. Stevens' PE students shot a bullseye from 15 meters using a compound Genesis bow and graphite shaft arrows during their physical education class. The bullseye was the size of a tennis ball and several students managed to hit the bullseye twice. Most students only were able to shoot between three and 12 arrows at real targets, but all of them learned and practiced the National Archery in the Schools Program (NASP) safety and "11 Steps to Archery Success" on blank targets first.

A photo of each student with their bow next to their actual bullseye is hanging on the "Archery Wall of Fame" at Eisenhower Intermediate School.

Pictured from Left to right (Front row) - Luke Mason, Ava Toth, Madelynn Coughlin, Dylan Shimman, Easton Saffran, Caylin Goodnuff, Brooklyn Howard, Annika Maher, Jazlyn Hayes. (Back row) - Addison Stine, Sawyer Kowalski, Elisha Landis, Cooper Alexander, Will Murphy, Blake Skadsheim, Joshua Wagner, Gracyn Reiter, Kaylee King, Brienna Muchewicz, Kayden Collins, Abby Blade. (Not pictured) Chloe Miller

Make sure to check the honor roll for your child's name on pages 6 and 7.

INNOVATIVE SOLUTIONS

Three OCS teams will be competing in the first LEGO League regional competition at Timberstone Junior High in Sylvania on January 14th. Students in grades 5-8 from Eisenhower and Fassett have been working since August to prepare for this competition. The Code Crackers, Engineerin' Eagles, and Master Builders have been cod-

ing their LEGO bots to complete energy-specific missions. They have also designed an innovative solution to a real world problem involving the generation, storage, or consumption of energy. This program is open to all students in grades 5-8, and registration for next year's teams will begin this April.

Code Crackers

Master Builders

Engineerin' Eagles

WHAT WOULD AN AUTHOR WEAR TO A CHRISTMAS PARTY?

Third graders in Mrs. Sneed's language arts class were asked to design and make a Christmas sweater based upon the work of a favorite author. Each creation contained embellishments and images that offered a clue as to which author might choose to wear that sweater. The sweaters and

names of authors were then displayed in the hallway with care, with hopes that readers and guessers would soon match the pair! All week, passersby tried to match the author with the sweater that was designed for them. A jolly and merry time was had by all!

Third grade students at Jerusalem are pictured with Christmas sweaters they designed for a favorite author

JERUSALEM TESSELLATIONS

Students in Mrs. Sneed's language arts class have been identifying themes of books they have read. Students were asked to write the theme of their book on a Christmas tree and to provide the details from the story that helped identify the theme. Not only did they find the theme (or lesson) of a story, they

also created a tessellation display of Christmas trees. A tessellation is an arrangement of shapes closely fitted together, especially of polygons in a repeated pattern without gaps or overlapping. The result was a mesmerizing display of upside down red trees between the green, book-themed trees!

Tessellating Theme Trees!

SPECIALTY RECYCLING

Oregon Community Collection Day took place on Saturday, November 5th this year. Members of Oregon Clay FFA spent their Saturday volunteering and helping out in the event. Members Hunter Jeffreys, Derrick Jeffreys, Ethan Bench, River Phillips, Gwyn Jadlocki, and Caitlin Loner helped direct traffic and sort out items that normally wouldn't be able to be recycled except for this special day. From 9:30 a.m. to 12 p.m, the students were at the Oregon Municipal Complex accepting oil paints, fluorescent lights, automotive batteries, tires, electronics, and other household items that need special utilities to recycle.

FARM TO FORK TOUR

On October 21st, the Agriculture and Culinary students had the opportunity to receive a private tour of the hydroponics lab at Balance in Downtown Toledo. The kids were taught about the process of farm to fork with Balance's unique methods of growing plants. It was an excellent experience that allowed the Ag students to see how their hydroponics tanks could be used in a professional setting. After the visit to Balance, both the Agriculture and Culinary students traveled to Eshelman's Fruit Farm to take

a tour of their factory. The kids saw the entire process of growing, sorting, and transporting apples at an apple orchard. From entering a freezer for apples, to watching a conveyor belt carry the apples away, there was never a dull moment during the visit. At the end, the students were able to try their own freshly grown apples straight from the farm. Eshelman's kindly scheduled a last-minute tour, and we are immensely grateful to have experienced such a once-in-a-lifetime opportunity at both farms.

"INCHY" REWARDS STUDENTS THE RAM WAY

During the first quarter of this school year, the students at Coy learned what it meant to live the Ram Way. However, they also proved they truly understand that the Ram Way is a way of life that becomes easier to follow the more it is practiced. Once again, during the second quarter, students were recognized for their adherence to Ram Way values, and when least expecting it, they were given "golden tickets" to be added to an end of quarter drawing. Students whose names were drawn from the entry drum during the school-wide holiday sing-along program on the last day before break, traded their ticket for a gold-

en coin they could feed to Coy's new book vending machine, "Inchy." Unlike the commonly recognized vending machines that dispense candy or soda when coins are inserted, Inchy's treats are instead much more healthy and beneficial. When a coin is inserted into the slot, the young winners choose from a wide assortment of books simply by entering the corresponding number of the location of the book of their choice and low and behold, down drops the book. The student not only has been rewarded for positive actions, the child has added a new book to his reading collection, which is a wonderful and lasting reward: the gift of reading.

A Coy 2nd quarter Ram Way winner redeeming her golden coin for a book from "Inchy" the Book Vending Machine

OREGON MEIJER GIVES BACK!

Thank you to the generosity of Meijer of Oregon for their continual support of the Toys for Tots campaign. Because of Meijer's generous donation, Starr teachers were able to shop for items to help local children have a happier Christmas.

We appreciate Meijer's commitment to enriching lives and giving back to our local community!

Thank you to Meijer for your support of Starr's Toys for Tots Drive!

★ for making the holidays *Brighter!* ★

FROM KAZAKHSTAN TO JERUSALEM

Did you know the Kazakhstan President lives in a White House in the country’s capitol, similar to our U.S. leader?

Jerusalem kindergartners and fourth graders found this out and more, when they were recently treated to a special presentation

from a Kazakhstan citizen! Ms. Dinar Azat, a 17-year-old foreign exchange student sponsored by Jerusalem teacher Mrs. Cray, shared her culture with our students.

Ms. Azat dressed in Kazakh national clothing while discussing her country’s customs, currency, holidays,

ornaments, housing, and symbols. She brought items to share, displayed photographs, and even played the dobra, a Kazakh musical stringed instrument.

The classes also learned about the famous Baiterek Building, the state flag, Kazakh sports, animals,

and cuisine. The students were fascinated to learn that horse milk and beshbarmak noodles were delicacies in Kazakh! Thanks, Ms. Azat,

Mrs. Cray, and Mrs. Swangstu for arranging this amazing and informative visit!

BIG WINS FOR MODEL UN

The Clay High School Model United Nations' fall competition season got off to a rocky start this year when long-time program creator and advisor, Erin Weiker, suffered a bad injury leaving the team without a coach for several months. Fortunately, embracing Oregon City School's motto of "tradition, family, and community" over the years as part of the CHSMUN culture has paid off in the form of record first place wins despite setbacks.

One tradition in CHSMUN is to welcome alumni back to the program to serve as directors and judges for the annual Black Swamp MUN competition hosted at CHS. For the past eight years, alumni graduating as long ago as 2010 and living as far away as Kentucky have returned to carry on this time-honored tradition which hosts

schools from northwest Ohio and southeast Michigan. These alumni are busy college students and young professionals, but gladly and generously give of their time for planning-meetings, as well as a full Saturday in November that culminates in an alumni dinner where the "CHSMUN Family" gets to catch up on everyone's adventures.

Considering the generosity of the alumni and their eagerness to give back to the Oregon community that they love, Erin decided to approach CHSMUN Alumni, William J. Nagy, II, the team's all-time winningest delegate, to see if he could carve out time from his busy schedule as a law student at the University of Toledo to help the team prepare. Not only did Will carve out time, he put together resources for the team and challenged them to beat his record.

Additionally, Mr. Pfeiffer, a science teacher at CHS, volunteered to host weekly meetings in his classroom after school until Erin's return.

Will's enthusiasm alongside the winning strategies he has taught have truly reinvigorated the team. For example, CHSMUN delegates won first place at all three fall competitions this year. However, the most recent and noteworthy was the Metro Detroit Model United Nations competition (MeDMUN) on Saturday, January 6th, where the team faced off against 15 schools.

Sophomores, Danya Abdulhak, Jackson Halbur, and Jessica Joyce earned top honors with an award referred to as the "consummate diplomat." This is an award which is, according to the competition website, earned for "maintaining a high level of respect, advocat-

ing for a position while seeking to forge compromise. Also, furthering the debate in a positive and intelligent manner through the use of constructive and effective rhetoric, and setting an example from which other delegates can and should learn."

The team will spend the next two months preparing for their biggest and most rigorous competition of the season where delegates are expected to master three topics and submit three position papers prior to competition. These papers will be graded and contribute to an overall team score. The team will compete for best delegate awards and the best prepared school award.

Anyone interested in Model UN can check out the club and competition team every Wednesday after school in room 190 at Clay High School.

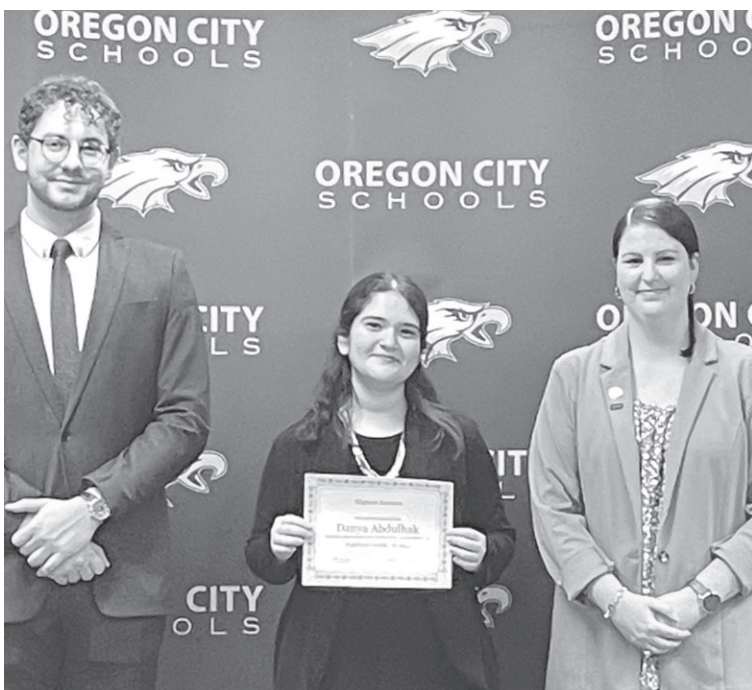

"Danya CASC AWARD"
Danya Abdulhak wins 1st place at the Canadian-American-Security Council Summit (CASC)

"Team Awards" (Left to Right) Danya Abdauhak, Bonnie Barailloux, Christine Chen, Lydia Roberts, Noah James, Jacqueline Gwinn, Alexa Dupler, Jessica Joyce, Gwyneth Jadlocki, Jackson Halbur, and Tristan Ogburn

"Black Swamp"
Alumni Nick McNeal (Class of 2019) Danya Abdulhak wins best position paper award at Black Swamp Security Council Summit, Alumni Dayna Ferguson (Class of 2010)

"Black Swamp" 1st place awards - Alumni (Class of 2017), William J. Nagy II, Derek Pfeiffer, Jackson Halbur, Sylvania Southview's Jaden Bolinger, Danya Abdalhak, and 2010 Alumni - Dayna Ferguson

ZOOM TO THE ZOO

In 2014, Coy school partnered with the Toledo Zoo's Project Prairie initiative to create an urban prairie on the school's grounds. Since then, each passing year has provided the students, as well as the community, the opportunity to observe natural changes to local habitats.

By documenting STEAM classroom observations of this living lab, our younger generation is learning how nature interacts with surrounding ecosystems as well as human roles in sustaining a healthy environment for all living things. Coy's STEAM coordinator,

Mrs. Kujawa, along with a zoo conservation biologist, provide guidance as the students collect data during each fall's BioBlitz. The collected data provides important insight into the benefits of nature, even in urban settings.

To reward the students for their efforts in collecting data during this year's BioBlitz, the children were treated by the Toledo Zoo to a Zoo Zoom.

During the Zoom session, they had the opportunity to ask questions and share their own thoughts and observations with other off-site Project Prairie participants as well as coordinators, which opened the door to increased awareness of our responsibility to create and sustain a healthy environment.

Mrs. Marquette's third grade class participates in the Toledo Zoo BioBlitz Zoom to the Zoo

Oregon City Schools Honor Roll

The Honor Roll is accurate as of the date submitted to The Press. Incomplete grades and other adjustments will not reflect in this quarter's honor roll.
Clay High Summa Cum Laude = 4.0 and above, Magna Cum Laude = 3.75-3.99, Cum Laude = 3.50-3.74, Principal's List = 3.00-3.49.
Fassett and Eisenhower = 3.0 and above.

Congratulations
Students!

SANTA DOES MATH

Mrs. Holzhauser’s 4th graders at Starr became Santa’s helpers before break. Students were given math tasks to help Santa make toys. They were able to review quarter 1 and quarter 2 standards, as well as preview upcoming standards.

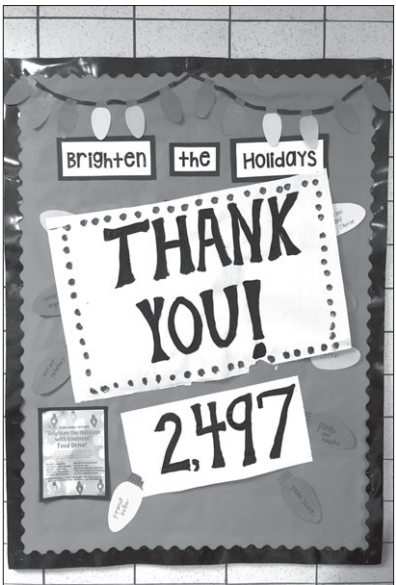

BRIGHTEN THE HOLIDAYS!

Thank you to the students, families, and staff of Starr Elementary for donating items for the Oregon Christmas Basket Program!

Together, we collected an amazing 2,497 food items during the “Starr School Brightens the Holidays Food Drive!”

Each day during the two-week event, students brought in items such as pasta, soup, cereal, and peanut butter. Fourth grade members of K-Kids, a service group sponsored by the Oregon Kiwanis Club, organized the event. The kindness and generosity of all those who participated in the Food Drive is deeply appreciated.

COOKIES AND SELFIES WITH SANTA

When children think of Christmas, their visions are sure to include not only visions of sugar plums, but trees filled with beautiful ornaments and decorated cookies to share with Jolly old St. Nick.

The Oregon Historical Society made sure those images continue to be a part of childhood as this year they hosted the Cookies & Selfies with Santa event.

The Society’s one room school house provided the perfect backdrop for two stunning Christmas trees adorned with homemade ornaments crafted by the 300+ students of Coy Elementary. Of course, the day could not be com-

plete without a visit with Santa, which included a snapshot of each child with the head of the elves, himself. The kiddies also had the opportunity to write a letter with their list of

Christmas wishes, and since every child was on the nice list, the jolly old elf carried those letters with him when he headed back to the North Pole to prepare for his journey on Christmas Eve.

Cocoa and cookies completed the magic of the visit both for Santa and his little friends, ensuring the wonder of the season will continue to live on in the hearts of all “children” who truly believe.

CAN THE PRINCIPAL

We are so proud of our Fassett staff, students, and families for their generosity during this holiday season. Since our first competition between Ohio State and Michigan fans back in November, we have collected over 900 canned goods and 75 toys.

This year we added a “Can the Principal” competition and a multi-week house competition for canned goods. Way to go Purple House and Orange House for the first and second place finish, with Red House coming in third!

In addition to the food and toy donations, our staff and students contributed over \$850 dollars between our penny wars class competition and our PJ pass day.

Congratulations to our 8th grade class who won our very intense grade level competition.

These contributions will go a long way to help local families in our community.

We know our students had fun

during this month-long fundraising event and cherish the feeling of giving back to our community.

Thank you again to our Fassett Junior High students, staff, and families for their contributions!

The Oregon City School District complies with federal laws which prohibit discrimination in programs and activities receiving federal assistance. Title 1 Regulation-Parents may request information regarding the professional qualifications of their child’s teacher. Contact the Oregon City School administration building for information (419-693-0661) or visit the Ohio Department of Education’s website for teacher certification. <http://www.ode.state.oh.us/> Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin. Section 504 of the Rehabilitation Act of 1973 prohibits discrimination on the basis of handicap. Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex. The Age Discrimination Act of 1975 prohibits discrimination of the basis of age. The Oregon City School District also complies with the Family Education Rights and Privacy Act of 1974 which grants to parents/guardians the rights to examine their children’s official school records. Inquiries regarding unlawful discrimination may be directed to Hal Gregory, Superintendent, Oregon City Schools, 5721 Seaman Road, Oregon, OH 43616 or by calling 419-693-0661
